

PET POLICY

Pets are not allowed on our farm.

We are a food production farm. The Food Safety Modernization Act/Produce Safety Rule prohibits pets from entering our farms or facilities.

ADA-compliant guide/service animals are welcome on our farms.

What is a service animal?

Under the ADA, service animals are defined as a dog that has been individually trained to do work or perform tasks for an individual with a disability. This means the dog must be trained to take specific action when needed to assist the person with a disability. The task(s) performed by the dog must be related to the person's disability.

Are emotional support, therapy, comfort, or companion animals considered service animals under the ADA?

No. These terms are used to describe animals that provide comfort just by being with a person. Because they have not been trained to perform a specific job or task, they do not qualify as service animals under the ADA.
